# Frequently Asked Questions

## Who are Quest?

Quest is a national provider of HR and Health & Safety services, training solutions, and consultancy. With over 30 years of expertise, we are recommended by the British Chambers of Commerce and the Trade Association Forum, supporting over 80,000 members.

## Who are these services for?

Everyone! Individuals operating as sole traders may use legal services, while small businesses with employees may utilise HR or H&S services. We offer support and advice for larger companies too.

## How can unlimited access be free? What's the catch?

There is no catch. The service is not free, it is available because the Chamber pays Quest an agreed fee to provide the service. It is a national scheme.

## I have internal resources - do I need them?

Yes - these services can be used to support your in-house specialist via documents and advice. Book a One2One Discover meeting to show them the value of the service.

## We outsource our HR / HS & why do I need these services?

Because using the services could save you a lot of money. If you outsource HR or H&S you may find you don't need to. A One2One meeting with a Quest Business Support Manager will advise.

## We never have any issues to manage - why do we need these services?

Our services go beyond crisis management or problem-solving. They are designed to address any questions or concerns you may have, as staying informed in a constantly evolving world can be challenging.
